"From the moment we booked Tonya to be our Keynote Speaker for the Kentucky Business Education Association during the 2016 Kentucky Association for Career and Technical Education Summer Conference, the buzz was on! Our theme was "Christmas in July" and her keynote address focusing on teaching personalities and gifts was outstanding! This was the highest conference attendance we have had in years. In addition, Tonya's room was standing room only for the two breakout sessions. Many teachers have shared with me this was the best programming we have had at the summer conference in several years! "After years of using Tonya Skinner's materials, Georgia business teachers were excited and delighted to meet her in person at our 2014 GBEA Conference. They were not disappointed! Tonya's workshops and keynote were responsible for making our conference the best one ever. Her contributions left us with just one problem...How do we top that next year?!? She will be quite an act to follow."
